Career Objective

Motivated Computer Science and Engineering student with foundational experience in Java (OOP concepts, exception handling), Python, C, and database management (SQL/DBMS). Eager to apply strong problem-solving skills, a fast learning ability, and hands-on project experience to contribute effectively as an intern and grow within a collaborative, real-world development environment.

Education

Bachelor of Technology – Computer Science and Engineering	2024 – 2028
Vignan's Institute of Engineering for Women	CGPA: 9.04
Intermediate – MPC	2022 – 2024
Sri Chaitanya Junior College	Percentage: 95.3%
Class X	2021 – 2022
Sree Krishna Grammar School	Percentage: 93%

Technical Skills

- Programming Languages: Python, Java (OOPs, Exception Handling), Fundamentals of C
- Web Technologies: HTML, CSS
- Databases: MySQL
- Core Concepts: OOPs, Basics of Data Structures and DBMS
- Tools & Platforms: GitHub, VS Code

Project

UrbanGram Connect – Digital Literacy Platform

UrbanGram Connect is a digital solution developed to bridge the digital divide between rural and urban communities. The platform provides an accessible and user-friendly interface to help individuals learn essential digital skills, ranging from basic internet usage to digital payments and online services. The goal is to empower every individual to become digitally confident and self-reliant. Technologies Used: Base44, AI Assistant Development.

Certifications

- NPTEL (IIT Kharagpur) – Programming in Java – 88% – Elite
- NPTEL (IIT Kharagpur) – Database Management System – 67% – Elite
- Cisco Networking Academy – Python Essentials 1
- Certificate of Merit – AI Project Expo 2026, Vignan's Institute of Engineering for Women

Achievements & Activities

- Solved 346 problems on CodeChef
- Participated in coding contests and debugging challenges
- Attended Git & GitHub Workshop conducted at college
